Hill Directory Company, Publishers

INTRODUCTION

AND

GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Wilson City Directory since 1908), presents to subscribers and the general public, this, the 1962 edition of the Wilson City Directory.

Confidence in the growth of Wilson's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Wilson to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Wilson Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:--

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the city (or community), arranged in alphabetical order under appropriate headings--a catalog of all the activities of the city (or community). The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Wilson, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyers and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Wilson, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of

681001

the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Wilson and vicinity.

The Wilson Out-of-Town City Directory Library

Through the courtesy of the publishers of the Wilson City Directory, a Directory Library is maintained in the offices of the Wilson Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed and maintained in the chief cities and towns throughout the United States, Canada and Puerto Rico through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY COMPANY,
Publishers.

FAIR PRACTICE CODE

for ADVERTISING and SELLING

**recommended by the ASSOCIATION OF
BETTER BUSINESS BUREAUS, INC.**

I. Serve the public with honest values.

II. Tell the truth about what is offered.

III. Tell the truth in a forthright manner so its significance may be understood by the trusting as well as the analytical.

IV. Tell customers what they want to know – what they have a right to know and ought to know about what is offered so that they may buy wisely and obtain the maximum satisfaction from their purchases.

V. Be prepared and willing to make good as promised and without quibble on any guarantee offered.

VI. Be sure that the normal use of merchandise or services offered will not be hazardous to public health or life.

VII. Reveal material facts, the deceptive concealment of which might cause consumers to be misled.

VIII. Advertise and sell merchandise or service on its merit and refrain from attacking your competitors or reflecting unfairly upon their products, services, or methods of doing business.

IX. If testimonials are used, use only those of competent witnesses who are sincere and honest in what they say about what you sell.

X. Avoid all tricky devices and schemes such as deceitful trade-in allowances, fictitious list prices, false and exaggerated comparative prices, bait advertising, misleading free offers, fake sales and similar practices which prey upon human ignorance and gullibility.

THE CITY OF BEAUTIFUL TREES"**

(Courtesy Wilson Chamber of Commerce)

Statistical Review

Form of Government—City manager-aldermanic.

Population—1960 census, 28,753. American-born, 99 %. Predominating nationalities of foreign born residents, Greek, Syrian and Albanian.

Area—7.02 square miles.

Altitude—145 feet above sea level.

Climate—Average annual temperature, 60.8 degrees F.; average rainfall, 48.1 inches.

Parks—12 public.

Assessed Valuation—\$52,565,946 (1961).

Bonded Debt—\$5,963,000 (1961).

Financial Data—Three banks with resources in excess of \$650,000,000.

Postal Receipts—\$321,000 (1961).

Churches—23, representing 12 denominations.

Industry—Principal manufactured products: textiles, garments, bus and truck bodies, agricultural implements, fertilizers, vegetable oil, concrete pipe and blocks, and food products. Ninety-seven manufacturing plants in the city and county provide year round work for 5,000 employees, and seasonal employment, principally in tobacco redrying plants, for 2,300 workers.

Trade Area—Retail trade area has radius of 20 miles and population of 120,000; wholesale area, radius of 100 miles, and population of 1,800,000.

Newspapers—One daily (except Sunday)—the Wilson Daily Times.

Radio Stations—WGTM (5,000 watts), WVOT (1,000 watts), and WLLY (1,000 watts).

Hotels and Motels—One hotel with 158 rooms, eleven motels with total of 282 rooms.

Railroads—Two, Atlantic Coast Line and Norfolk & Southern.

Motor Freight Lines—Six.

Highways—U. S. 117, 264, 301, N. C. State 42 and 58.

Amusements—Largest auditorium in city (Junior High School) seats 1,400. Five motion picture theatres, with total seating capacity of 3,175; one drive-in theatre; one 18-hole golf course, two 9-hole golf courses; three swimming pools; one skating rink; a bowling alley.

Hospitals—3, with total of 186 beds. 250-bed county hospital under construction.

Education—Atlantic Christian College fully accredited; 10 public schools, including two senior high schools, and one junior high; three parochial schools.

City Statistics—Total street mileage, 104 with 78 miles paved. Miles of gas mains, 80; sewers, 80. Number of water meters, 8,354; light meters, 9,847; gas meters, 3,187. Capacity of water works (municipal), 10,000,000 gallons; daily average pumpage, 4,225,000 gallons; miles of mains, 116; value of electric, gas and water property, \$7,669,639. Fire department has 37 men, with 3 stations and 7 pieces of motor equipment. Police department has 40 men with 1 station and 8 pieces of motor equipment.

General Summary

Wilson was incorporated January 29, 1849, and is known as "America's Largest Bright-Leaf Tobacco Market", and "The City of Beautiful Trees."

The first tobacco warehouse was constructed in Wilson in 1890. It proved very successful as a convenience to the farmers, as well as a profitable business enterprise for the owners. From the beginning, Wilson proved popular as a tobacco market. That this popularity has increased is evidenced by Wilson's phenomenal growth in this respect, the city having gained distinction of being America's largest bright leaf market. Although a tobacco center, Wilson has other industries that contribute materially to its payroll and welfare.

Wilson is the county seat of Wilson County, and the largest of ten townships. Wilson County was named for the Hon. Louis D. Wilson, long a member of the

Aerial View of Business Area of Wilson

Senate, from Edgecombe County and a volunteer in the Mexican War. By the U. S. Census of 1960, the county population was 57,716.

Industries

To trace the background of Wilson's industrial program, special reference should be made to its first industry, established in 1854 under the name of Hackney Bros., engaged in the manufacture of buggies. Later, there came a rapid change in vehicles, with automobiles replacing buggies. In keeping with this development, Hackney Bros. discontinued the manufacture of buggies in 1919, reorganizing under the name of Hackney Bros. Body Co. Since that time this company has engaged in manufacturing the latest types of commercial bus bodies. Industrial growth over the years has contributed greatly to the economy of the area. There are now 97 manufacturing plants in Wilson and Wilson County employing some 5,000 persons. Principal products are food, textiles, apparel, lumber and wood, fertilizers, concrete, truck and bus bodies, transportation equipment, agricultural implements, livestock feeds, and electronic equipment.

Wilson, America's Largest Tobacco Market

More than anything else, tobacco has given Wilson an international reputation, for it is "America's Largest Bright Leaf Tobacco Market"

The Wilson tobacco market has 19 auction warehouses, with a combined floor space of 1,799,135 square feet. These huge one-story buildings are lighted with numerous sky-lights, for quality of tobacco is judged by color as well as by texture and aroma. When the farmer brings his tobacco to the warehouse of his choice, it is placed on shallow baskets with a maximum of 300 pounds to the basket. These baskets are then placed in long rows on the warehouse floor. The auctioneer and the buyers then walk along the rows and each basket is sold individually at the rate of 400 baskets per hour, or a sale every nine seconds. During the season, which runs from mid-August until about Thanksgiving, sales are conducted simultaneously at five warehouses, with at least nine buyers taking part in each of the sales. During the 1961 season, the Wilson market sold 79,499,606 pounds for \$52,720,171.59, an average of \$66.32 per hundred pounds.

Wilson has eight tobacco redrying plants and three plants which pack and ship the green tobacco. These redrying plants are capable of processing 2,500,000 pounds daily and handle tobacco from markets throughout the brightleaf belt which extends from Florida to Virginia. In these plants, the tobacco passes through the redrying machines that remove all of the moisture and then through a steam bath which raises the moisture content to approximately 11 percent. It is then packed in large hogsheads holding an average of 950 pounds each. After this processing, tobacco will keep indefinitely. Normally it remains in storage for at least two years before being used in cigarettes.

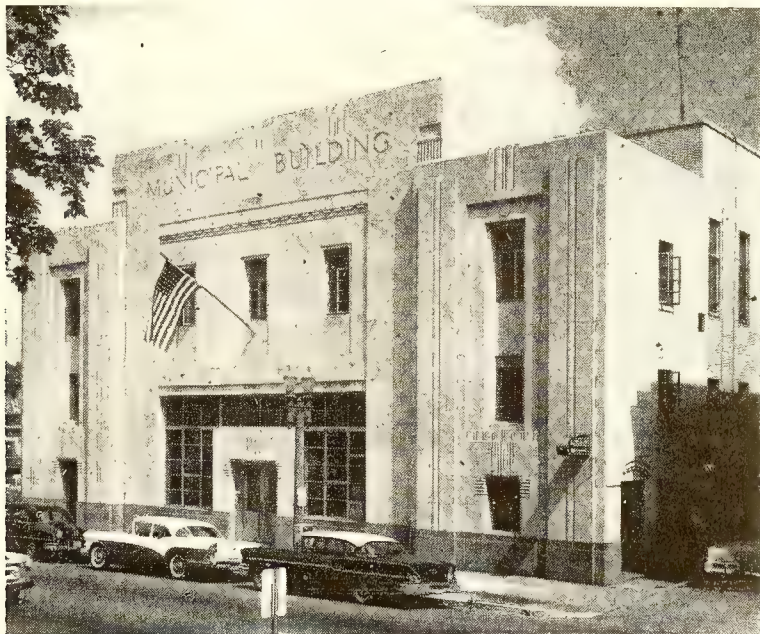

Scene in a Tobacco Warehouse, in America's Largest Bright Leaf Tobacco Market

Agriculture

Wilson is primarily an agricultural county, with about 80 percent of its income derived directly or indirectly from agriculture. The principal crops are tobacco, cotton and corn. Livestock production is rapidly increasing in importance. In 1959, Swift & Company opened a major meat packing plant, which processes 175,000 hogs, 35,000 cattle, and 35,000 calves annually.

In 1950, Cargill, Inc., world's largest grain merchants, established an elevator in Wilson. It now has a storage capacity of 600,000 bushels. In November, 1954, Ralston Purina Co. established a modern mill capable of producing 100,000 tons of livestock feeds. Nutrena Mills, Inc. recently completed a 100-ton daily plant for the manufacture of complete animal feed formulas.

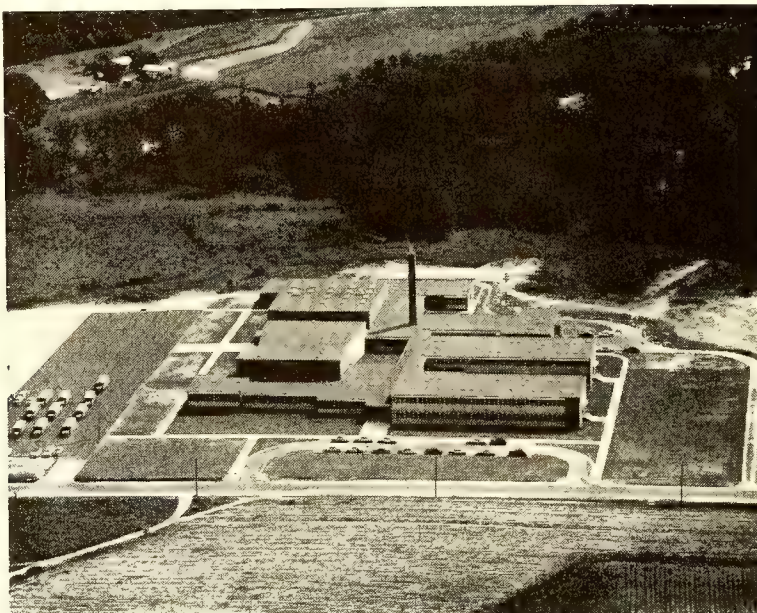

Wilson's Municipal Building

Location

Wilson is located on the main line of the Atlantic Coast Line Railroad and the Norfolk Southern Railroad. It is served by U. S. Highway 301, the principal tourist route between eastern states and Florida. Other highways serving Wilson include U. S. 264, a major east-west route, and U. S. 117, between Wilson and Wilmington. A network of paved highways connects Wilson with all sections of the country. Due to its geographic location and its accessibility, Wilson is steadily increasing in importance as a distribution center.

Power, Lights, Gas and Water

The electric, gas and water plants and distribution systems in Wilson are municipally owned. The City of Wilson owns approximately 400 miles of electric distribution lines outside the corporate limits. The city electric department serves more than 5,000 rural customers and furnishes electricity wholesale to six other communities. The city utilities, including land, buildings, and distribution systems, are valued at \$7,669,639. The electric plant has the latest equipment, with a generator capacity of 27,500 k.w. In addition, the city has a 14,000 k.w. inter-connection with Carolina Power and Light Company, insuring an uninterrupted supply of power. Wilson's water supply is taken from two reservoirs supplied by Contentnea Creek and Toisnot Creek. The 311 square mile watershed has proved adequate to meet the city's needs even in times of severe drought. The filtering plant has a capacity of 10,000,000 gallons a day, to meet present requirements of 4,225,000 gallons daily. There is a new filtering plant under construction, which will have a capacity of 3,000,000 gallons per day.

Ralph L. Fike High School

Educational Facilities

Wilson and Wilson County have a fine school system, with attractive buildings and an excellent staff. The city system consists of two high schools, one junior high school, and seven elementary schools. Since 1949, over \$2,500,000 has been spent on the construction of new schools in the city system.

Atlantic Christian College, fully accredited, located in Wilson, offers four-year college courses to Bachelor of Arts and Bachelor of Science degrees. It also offers a one-year secretarial course and night school classes in a variety of subjects.

The Wilson Industrial Education Center, an industrial trade school, has been established by the city and county to develop vocations and further the training of craftsmen employed in local industries.

The City of Beautiful Trees

Wilson is known as "The City of Beautiful Trees", and though there are many residence streets in the city with a variety of lovely trees, Nash Street is considered the most beautiful, with Park Avenue deserving special recognition. Over a period of years several geographic and pictorial magazines have written special articles and given particular reference to Nash Street and have designated it as one of the seven most beautiful residential streets in the world. To the students of nature and especially to those who admire beautiful trees, Nash Street is a real attraction. It offers an assortment of trees as follows: pecan, birch, magnolia, walnut, umbrella, liveoak, cypress, hickory, pine, dogwood, and willow oak. On spacious lawns in front of beautiful homes, these trees are found growing amid numerous kinds of shrubbery and many colored flowers.

**Howard Chapel; Atlantic Christian College
Center of Advanced Learning**

Churches

There are twenty-three churches in Wilson, with the following denominations represented: Baptist, Catholic, Christian, Church of God, Church of Latter-Day Saints, Episcopal, Holiness, Jewish, Lutheran, Methodist, Pentecostal, Presbyterian, Salvation Army, and Seventh-day Adventist.

Housing

Wilson has one up-to-date hotel with 158 rooms, several boarding houses, numerous good apartment houses, and excellent motels.

Theatres

Wilson has five theatres, each well equipped, with a seating capacity of 3,175. There is one drive-in theatre.

Industrial Educational Center

Presbyterian Church; one of Wilson's Many New Churches

Radio Stations

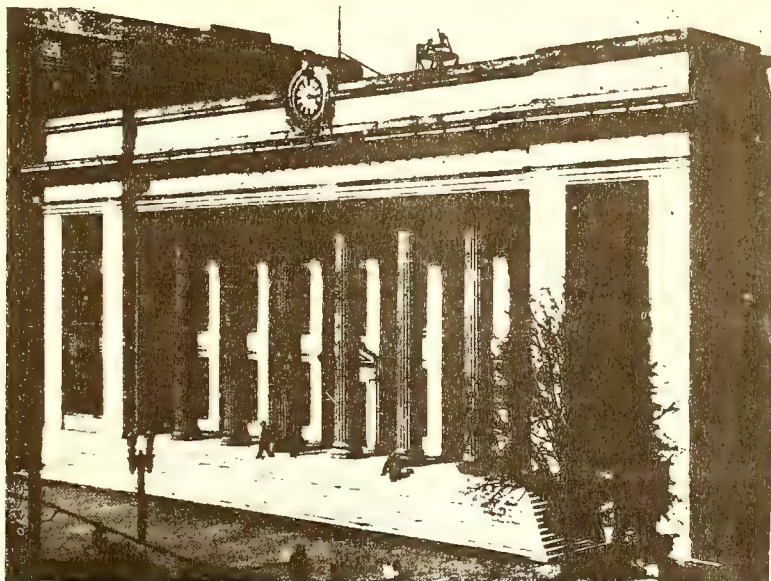

Wilson is the home of Radio Station WGTM (World's Greatest Tobacco Market). This station operates on a frequency of 590 kilocycles. Wilson is also the home of WVOT, which operates on a frequency of 1420 kilocycles, and WLLY, with a frequency of 1350 kilocycles. All three stations have made outstanding contributions to the civic and social welfare of the community.

Television

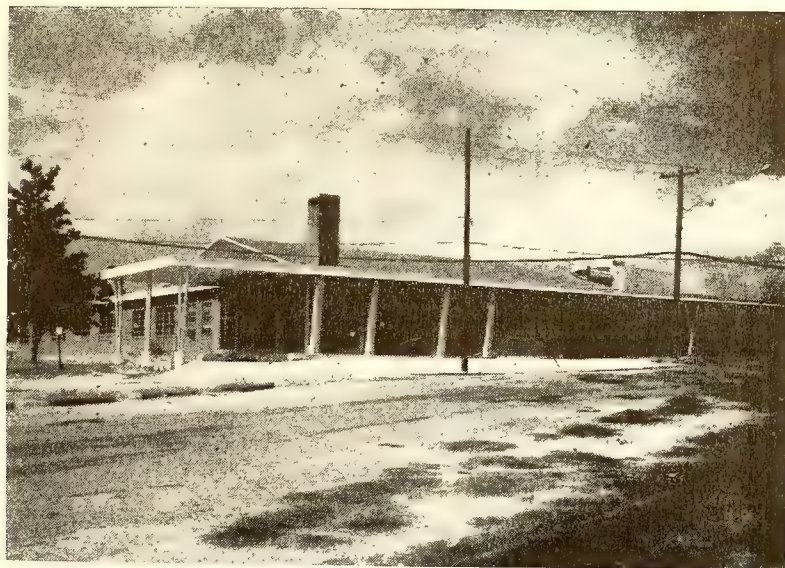

Wilson gets excellent television reception from WNCT, Channel 9, Greenville; WITN, Channel 7, Washington; WRAL, Channel 5, Raleigh; WTVD, Channel 11, Durham; and WUNC, Channel 4, Chapel Hill.

Hospitals

Wilson has three hospitals with a total of 186 beds. The Eastern North Carolina Sanatorium, a state tuberculosis hospital, is located in Wilson. This 550-bed hospital serves patients from throughout eastern North Carolina. A mental health clinic is staffed by a full time psychiatrist, psychologist and two social workers. Due for completion in early 1964 is a county hospital of 250 beds, now under construction.

Wilson County Court House

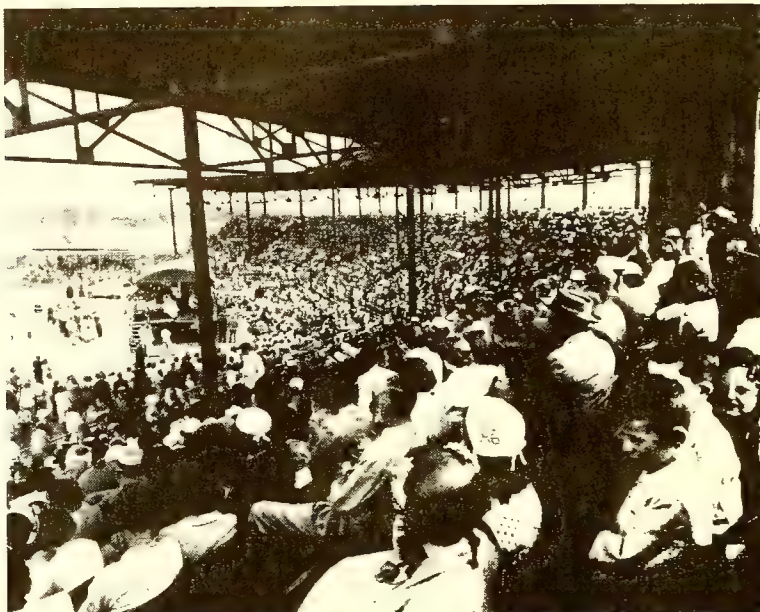

Wilson's Modern Recreation Center

Recreation

Wilson is well supplied with recreation facilities. These include a modern stadium, with a seating capacity of 3,500, which is used for both baseball and football, as well as other outdoor events. Recreation Park, covering 15 acres, has a large swimming pool, lighted tennis courts, lighted softball diamond, picnic areas, playground equipment and a lighted area for activities such as basketball, volleyball, shuffleboard and other sports. Two well equipped recreational buildings were completed in 1958. There are twelve public parks. The city has a trained staff of full time workers in the recreation department. The Wilson Country Club has an 18-hole golf course, swimming pool and tennis courts.

Library

In 1921, the Department of Literature of the Woman's Club established a free public library in Wilson. Since 1935 the library has been sponsored by the city and county. It is located in a modern building on the edge of the business district and has a collection of approximately 50,000 volumes.

Scene at Fleming Stadium

Public Buildings

All executive and administrative offices of the city of Wilson are located in the Municipal Building, constructed in 1940 at a cost of \$127,000. The Wilson County Courthouse, constructed in 1924, is located in the center of the business district.

Government

Wilson is governed by a mayor and six aldermen who are elected for two-year terms. The administrative head of the city government is a city manager, who is appointed by the board of aldermen.

Retail and Wholesale Trade

Wilson is the retail shopping center for a large agricultural section. In 1960, retail sales in the city totaled \$38,148,000, according to Sales Management "Survey of Buying Power". More than 343 retail establishments are available to serve the needs of the public.

Wilson's Future

It is pointed out by many that Wilson has a bright future, due to its ideal location, transportation facilities, agricultural, and natural resources, all of which are important factors in attracting new industries. It would appear that Wilson is in position for industrial development, and many manufacturers are considering Wilson as a distributing center for their products, as eastern North Carolina can be so well served from this point. Many traveling men make Wilson their headquarters because of the convenience of serving their territory from here. As the "King of Tobacco", Wilson may some day be engaged in the manufacture of many tobacco products. The people of Wilson are thinking in terms of expansion and commercial development and are most optimistic as to their city's future.

Wilson Chamber of Commerce

The Wilson Chamber of Commerce is recognized as one of the outstanding trade associations in eastern North Carolina. During the past dozen years it has been a contributing factor to the progress of Wilson and Wilson County.

The Wilson Chamber of Commerce also serves as a clearing house and general bureau of information. Headquarters for the Chamber are located in its own building at 220 Broad Street.

CASHIERS! TELLERS! — CLERKS! —

Do your employers furnish you with
the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

PLEASE! Do Not Lend Your
CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

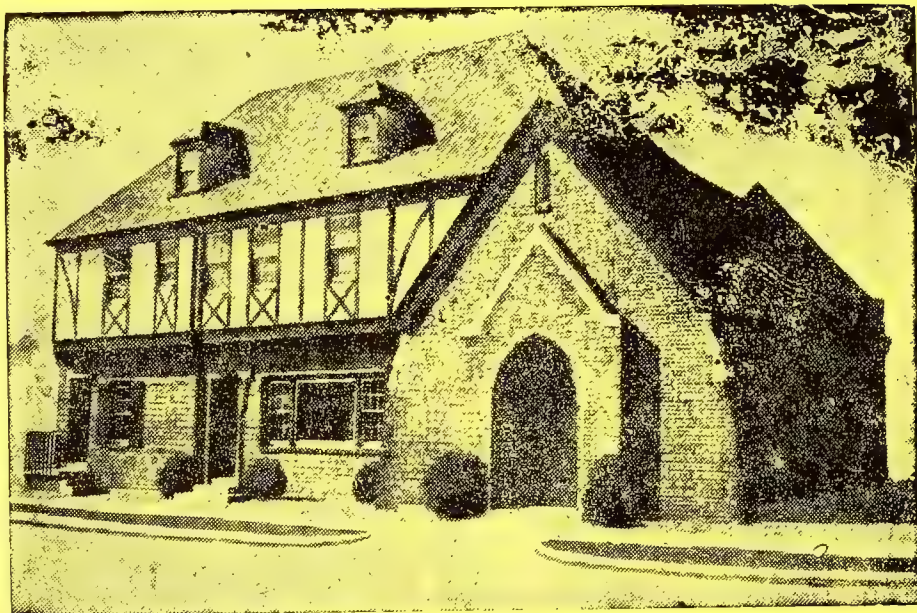

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

THE PUBLISHERS

SISTER MOHAWK

INDIAN HEALER AND ADVISOR

was born with the God-given powers to help humanity and has devoted her life to this work. Tells your friends and enemies' names without asking a single word. She will tell you what you wish to know regarding health, marriage, love, divorce, courtship, speculations and business transactions of all kinds.

Will give Lucky Hands and Charms. No problem so great that she can't solve. She will tell you of any changes you should or shouldn't make, good or bad. She removes evil influences and bad luck of all kinds. She never fails to reunite the separated, cause speedy and happy marriages. She lifts you out of sorrow and darkness and starts you on the way to success and happiness. It's wise to consult her for she has helped thousands throughout the world. She will give sound and important advice on all affairs of life, whatever they may be. You will find her superior to any other reader you have consulted in the past. A place to bring your friends and feel no embarrassment.

When You Want to Know:

- where a person lives.
- what his occupation is.
- who lives at a certain number on a street.
- where a street is located.
- the correct spelling of a name.
- the officers of a corporation.
- the partners in a firm.
- the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

MR. CITIZEN!

Correct Information

Is Valuable

To You!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

A STATEMENT OF ADVERTISING PRINCIPLES

1. **Good Advertising** ~ aims to inform the consumer and help him to buy more intelligently.
2. **Good Advertising** ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. **Good Advertising** ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. **Good Advertising** ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Advertising Federation of America

(Your Directory publishers fully subscribe to the principles set forth in this statement)

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

**DO YOUR EMPLOYERS FURNISH YOU WITH THE
LATEST EDITION OF THE CITY DIRECTORY?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

- We allow you full trade-in value for all unused mileage in your present tires.
- Pay as you ride on terms so easy there's no point settling for a tire of less quality.

Our Tire Service Facilities
Are As Close As Your Telephone

- **Service men who are tire experts.**
- **Finest service equipment in town.**
- **Top-Quality workmanship and materials, all with PROMPTNESS and COURTESY.**

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in **heavy type** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by

showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

AUTO LOAN

It's a wonderful feeling to be trading in an old car for a new one. It's a wonderful feeling, too, to know that the new car is being financed as economically as possible. Car buyers who arrange an auto loan at Branch Bank know the feeling of satisfaction that comes with cutting the financing cost to a minimum.

When you buy your new car, ask your friends at Branch Bank to arrange a low-cost auto loan with convenient repayment installments.

HILL'S WILSON

Directory of Householders, Occupants of Office Buildings and
Other Business Places, Including a Complete
Street and Avenue Guide

1962

Copyright, 1962; by Hill Directory Company

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both side of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names. Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc. does not appear, the designation st is understood.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.
